

Year 2 Curriculum Map 2017 – 2018

	English	Maths	Science	Computing	RE	Humanities	Art & DT	PE	PSHE	Music
Aut 1	Burger Boy Writing stories based on Burger Boy. Understanding the beginning middle and end of a story with a focus on composition. Learning to include writing co-ordination and sub-ordination in our writing.	Counting in steps of 2's, 5's, 10's and 3's. Number and Place Value Addition and Subtraction skills	Animals including humans Completing a fair test investigation.	Technology in our lives. Using blogs to communicate with other classes and each other about the topic. Photos of aeroplanes made in DT	Creation Baptism	Florence Nightingale (Significant people)) Geographical skills- Map work (England and Italy on maps)	Design a pets home (link to science)	Invasion Games	Happiness	Exploring Duration Skills: Identifying long and short sounds. They can explore long and short sounds on classroom instruments in responds to symbols.
Aut 2	Traditional Tales Focus on conjunctions, different sentence types, punctuation (? and !)	Measure – length Measure – Time Number – multiplication Place value	Materials and their properties (linked to DT and CLJ)	Handling Data Linked to the Great Fire of London Programming and algorithms	Baptism Advent and Christmas	Great Fire of London (Events beyond living memory) Comparing London then and now. Place Knowledge - Small scale study on London (skills: physical features and Ariel photos and maps to recognise landmarks in the fire. Make a map and construct a key for new and places of interest.) Name, locate and identify characteristics of the four countries in the United Kingdom.	Making houses using paper. Then creating a big art of London before, during and after the Great Fire with tissue paper, sea blue paper and labels for each place eg thames, bridges, buildings. Making puppets linked to Great Fire of London.	Gymnastics	Friendship	
Spr 1	Bob Man on the Moon Instructions and time connectives. Grammar and punctuation focus on sentence types and verbs, nouns and adverbs.	Measure – Money Identifying and describing properties of 2D and 3D shapes Multiplication Solving word problems using add and subtract	Living Things and their habitats	Multimedia (Researching Christopher Columbus) Programming Bee Bots to react route taken by Christopher Columbus (link to coordinates in Maths)	Books and community Opportunities	Explorers Christopher Columbus (Lives of significant individuals from the past). Comparing explorers then and now. Locational Knowledge. Name 7 continents and 5 oceans. (skills: name continents and oceans use globes and atlases, google maps, new compass points.)	Design a collage of an explorer ship. Design and make a boat for Christopher Columbus to sail, choosing materials (science). Floating and Sinking test in Water Tray. Choose appropriate clothing for an explorer. Create a map for CC to sail his boat on. (Model person and model boat)	Rhythmic Gymnastics/ Dance	Patience	Exploring instruments and Symbols Skills: Identifying different groups of instruments and performing together using symbols as support. Exploring Sounds Skills: Recognising

Spr 2	One Night, Far From Here- By Julia Wauters Non-fiction writing Descriptions Prepositions Adjectives Expanded noun phrases Adverbs	Using the inverse to check calculations. Fractions of amounts and numbers. Statistics and data handling Measurement – solving simple problems Positioning	Living things and their habitats	Class blog	Opportunities Thanksgiving	Explorers Geographical skills and map work Atlases, globes Continents, oceans Compass directions	Make habitat settings – use drawing, painting and sculpture to develop and share ideas, experiences and imagination.	Invasion Games	Tolerance Respect Responsibility Cooperation	g how sound can send a message using a variety of sound sources to describe a scene and reflect mood. Links: Reinforcing and extending use of voice as a sound source to create mood.
Sum 1	SATs Traction Man, Lost and Found.	Fractions Addition, subtraction, Multiplication, division revisit Place Value revisit Word problems SATs preparation	Plants Fair test	Data handling	Spread the Word Rules	Weather Contrasting locality. Location of hot and cold places including equator and north and south poles. Seasonal and daily weather in contrasting locations.	Create weather maps of 2 contrasting localities and work in groups to do a weather report. Create parts for a whole class garden to be outside (bird bath, bench) using card and natural materials.	Striking and Fielding	Tolerance Respect Responsibility Cooperation	Exploring pulse and Rhythm Skills: Finding the beat and rhythm in different pieces. Identifying rhythms of words and performing rhythms to a given beat. Links: Physical education in dance.
Sum 2	Roald Dahl (Author Study) Reading the chapter adventure story of James and the Giant Peach. Favourite Poems. Planning and writing imaginative parts of a story. Eddie the Penguin Saves the World Reading and understanding scripts. Sharing ideas and writing own script to be performed.	SATs Geometry Solving missing number calculations.	Plants Fair test	Typing skills and research using online tools safely.	Rules Treasures	Famous Writers of the Past – Roald Dahl. Local Environment study (linked to plants)	Paper mache design of a peach Design and make the perfect garden with the right amount of food, water and sunshine for plants to grow. Study the school gardens to check on things that are growing.	Athletics	Community	Exploring Timbre, Tempo and Dynamics Skills: Choosing carefully and ordering sounds within simple structure to recognise change and use of timbre, dynamics and tempo. Links: Dance and physical education.
