Fourth Sunday of Lent (Year B)

Gospel: John 3:14-21

Today we hear about just how much God loves the world and all the people in it. Let's think some more about that love, especially for Mother's Day on Sunday.

In the gospel reading we hear that God loved the world so much that he gave us Jesus to show us how to live and to help bring us closer to God.

How much do you think God loves you? How do you know when someone loves you?

Can you think of two people who love you? And two people that you love? Is one of them your mum, or another woman in your family, like an aunty or a grandma? How should we treat someone that we love? God does not just love a few special people, God loves everybody. God loves all people whether they are rich or poor, no matter where they live or where they come from, no matter whether they are healthy or ill, fat or thin. We are all part of God's global family.

God asks us to share this love and to also care for others no matter who they are or where in the world they live. God calls us to care for our global family and to share generously with them all that we have been given. When we do this we are sharing God's love.

Story: In Lent last year, a boy called Brendan and his friends from a church in Fareham decided they wanted to help their brothers and sisters around the world by raising some money. Their idea was a sponsored springtime swim in the sea! The brave young people dashed into the chilly sea, cheered on by their friends and family. "It was freezing!" said Brendan, "but when we came out, we were all really happy and pleased we'd done it, especially given how much money we had raised for the appeal." They raised £661 given to them by their parish and families, which they sent to CAFOD to help people in poor communities to have a better chance in life. Do you think Brendan and his friends helped to share God's love with others? How do you think you can share God's love with your mum or another special person in your family this week?
